NOTE—Contn. Sheet.

WD 01955—GPB—22,500—12-6-34

6 The drafts and the note in the file recommend the reconstitution of the Committee on the old lines but an alternative is suggested for consideration.

7 During recent years, the State control of industries and restrictions on commerce have become so common that the organization and development of Industry and Trade is becoming more and more complex requiring considerable study and research. Greater attention is also being paid to rationalization of industries with reference to markets, supply of raw materials and power, and the volume of operations that will prove economic. Within the State also, the number of industrial organizations have increased and interest is being created in new fields. The number of people interested in the development of particular industries and the research problems connected therewith is also growing.

8 An organization like the Board of Industries and Commerce must include all these people in order to ensure that the workers in Mysore keep in touch with the latest developments all over the world, study all the published literature and divert the activities into the most profitable channels. It is also necessary to rouse and sustain the enthusiasm of the men actually engaged in study and research especially of the juniors. Their inclusion in a Board like this will be a source of

4

great encouragement to the junior officers and afford an incentive for sustained enthusiasm and better work.

9 If this view is accepted, and the Board will have to comprise about 100 people too large for real work in one body. It is therefore proposed that the real work should be done by Committees which will take up one particular subject.

'1 Tentatively the following division is suggested.

1. Chemical Industries
2. Electrical "
3. Metallurgical and Engineering "
4. Sericulture
5. Textiles and Miscellaneous
6. Cottage Industries
7. Forest Industries

& 8. Marketing.

" N.B.Marketing is becoming more and more important ~~that~~ and it may be necessary later on to divide it into two or more committees dealing with groups of commodities.

'2 Another committee for Finance and General Facilities is perhaps necessary but this may be handled for the present by the ~~Central~~ Central Committee which will be referred to later.

'3 Each Committee should consist of not more than 12 people, officials and non-officials who are actually engaged in any branch of industry or trade or research work. The mere politician should have no

5

place.

14. The Committees should meet at least twice a month and work upon a regular programme. Two meetings in a month will be necessary if all the questions have got to receive very careful consideration

15 The Central Committee may consist of about 12 to 15 members among whom the Chairman of the various committees will be selected. The First Member of Council will be the Chairman and other members may perhaps be ~~comprise of~~ --

1. Director of Industries and Commerce
2. Industrial Chemist
3. Chief Engineer
4. Chief Electrical Engineer
5. Chairman Sugar Company
6. General Manager, Mysore Iron Works
7. Senior Marketing Officer
8. Principal, Engineering College
9. One representative of European Industrial Interests
10. One " of the Chamber of Commerce
11. One professor from the Indian Institute.
12. Secretary to Government, Development Department
13 & 14. ~~Special~~ ~~mentions~~ nominations for special reasons.

The members of the Committees should, as far as possible, include --

(a) Officers of the Department concerned

(b) All Managers of Government or Private Factories of any importance and important executive

(c) Reaearch workers including junior men

6

(d) Professors and Assistant Professors and Scholars of the Institutes, the Chemistry, Physics and Economics branches of the Mysore University.

16 If such an organization is approved, there will have to be a full time Secretary with a small staff of stenographers who will perhaps cost about Rs.600 a month. Books, Periodicals &c., will probably cost about Rs.250 a month and provision will have also to be made for Travelling Allowance for non-officials, lunch, printing and other charges. The total cost may be kept down to about Rs.20,000 a year.

17 The whole Board may meet once or twice a year, under the presidency of the Dewan.

18 After orders are passed, necessary details will be worked up and draft G.Os. &c., submitted in accordance with the decision.

Joint Member

30.7.41.

7

Serial No.

19 It is necessary to revive the Board of Industries and Commerce. But I do not think it desirable at present to embark on the ambitious programme outlined by the Development Secretary. In reviving the Board, it is desirable to keep down expenditure at a minimum. It is also desirable to avoid the impressio that the revival means a first step in the direction of reviving the entire machinery of the Economic Development Board. I agree with the Development Secretary that the mere politicians need have no place in the new Board or Committee.

20 For the present a Committee may be appointed t advise Government and the Department of Industries and Commerce in all industrial and commercial matters referred to it. The Committee may consist of:-

Ex-officio members.

The Member of Council, ... Chairman,
The Director of Indus. and Commerce,
The Chief Conservator of Forests,
The Agent, Mysore Railways,
The Chief Electrical Engineer,
~~The Director of Agriculture,~~
~~The Registrar of Co-operative Societies,~~
The Director of Geology,
The Development Secretary,
The Principal, Engineering College,
The Industrial Chemist,
The Industrial Engineer,

Nominated.

Two Professors from the Mysore University or the Indian Institute of Science,
A representative of the Chamber of Commerce,
-do- of Silk Association,
-do- of Grain Merchants Association,
-do- of Coffee Estates,
-do- of Cotton and Spinning Mills,
-do- of Oil Mills,
-do- of Banking,
-do- of Labour

Secretary.

The Industrial Chemist or the Assistant to the Director of Industries and Commerce.

Final Note by the First Member of Council.

Subject:—

Revival of the Board of Industries and Commerce.

A provision of about Rs.1,00,000 a year used to be made in the State Budget for economic development. Owing to financial stringency this grant was cut out in the budget for the year 1931-32. In consequence of this the work relating to the several Boards of the Economic Conference (Education, Agriculture and Industries and Commerce) has for the past few years been suspended.

The Department of Industries and Commerce was expected to carry on the work which was being attended to by the Board of Industries and such few developments in industry as have recently taken place have been mostly initiated and carried out by the Department. There is great scope for securing public co-operation in industrial development. At present there are signs of an awakening of public interest in the development of industries. Owing to the growing unemployment, the phenomenal fall in the prices of agricultural produce and the low rates of interest now obtainable for money, the present time appears therefore to be opportunue for reviving the Board of Industries and Commerce.

In my note of the 6th August 1934 I have made certain suggestions for the revival of the Board on a modest scale and with a strictly limited scale of expenditure. The matter having been considered at a meeting of the Council held on the 8th August 1934 it was resolved that my proposals may be approved.

Subsequently, the Financial Secretary having suggested that the proposal to grant an allowance of Rs.25 to the Secretary might be cut out and that the pay of the stenotypist may be reduced, I have agreed to these proposals also.

The

'M' The proposals as thus modified are indicated in the accompanying draft Government Order which may be graciously approved.

DEVELOPMENT BRANCH

S.P.Rajagopalachar, Esq, B.A., B.L.,

second Member of Council, B a n g a l o r e .

Dear Sir,

I have the honour to request permission to make a representation in connection with the constitution of the revived Industries and Commerce Board announced in last week's Gazette. The Order allots a number of seats to several non-official organisations of Bangalore, while the City of Mysore and the Districts have been completely ignored.

For nearly two decades now it has been the practice of Government in making nominations from the public to various ~~non-official~~ semi-official bodies, to select men mostly from the single city of Bangalore. I may be pardoned for stating that this is unfair to the rest of the State. It is not known that Bangalore has got the monopoly of either intelligence or of public spirit in the whole State.

It is a reflection on non-official life in Mysore and the rest of the State if Government are of opinion that Bangalore alone can provide men capable of offering intelligent and helpful cooporation in the bodies concerned. I am however sure that Government intend no such thing. It is rather probable that this aspect of the question has escaped their attention.

It would be in the interests of the impartiality which should characterise Government, and of democratic justice, if Government would be pleased to remember that the public of Mysore as well as the rest of the State have got equal rights with Bangalore to participate in Government's deliberatime bodies.

I am making this representation, not from any personal covetousness, but from the desire to bring to your and Government's notice the general sense of disappointment felt by Mysore at the unfair and undeserved preference uniformly shown to Bangalore.

I have the honour to remain

Your Most Obedient Servant ,

G. R. Josyer

President,
Mysore Merchants' Chamber.

16 copies

Order thereon, D1893-911/9 Ec. 47-34-5

Dated Bangalore,

9/10/9/34

Sgd/- V.V. Iyer

The organisation of the Economic Conference and its three constituent Boards was ordered to be kept in suspense in the year 1931 as one of the several measures of retrenchment for stabilising the financial position of the State. The annual provision of about Rs.1,00,000 in the budget was deleted from the year 1931-32 and the Economic Development work was entrusted to the Heads of Departments concerned and the Deputy Commissioners of Districts.

The Department of Industries and Commerce was expected to carry on the work of the Board of Industries, and such developments in industry as have recently taken place have been mostly initiated and carried out by that Department. At present there are signs of a reawakening of public interest in the development of industries. Having regard to the present economic conditions in the country, Government feel that the time has come to revive the Board of Industries and Commerce and direct that the Board be constituted as shown below. The Board will advise Government on all questions of industrial or commercial importanc which may be referred to it or which may be taken up for consideration on its own initiative. ~~The composition of the Board wil~~

~~be as follows:-~~ composition of the Board

Chairman.

The Member of Council in charge of Industries and Commerce.

Ex-officio members.

The Vice Chancellor, Mysore University,
The Director of Industries and Commerce,
The Chief Conservator of Forests,
The Agent, Mysore Railways,
The Chief Electrical Engineer,
The Director of Agriculture,
The Registrar of Co-operative Societies,
The Director of Geology,
The Secretary to Government, Dev. Deptt.,
The Principal, College of Engineering,
The Industrial Chemist,
The Industrial Engineer.

Nominated members.

A representative from the Indian Institute of Science,
-do- Chamber of Commerce,
-do- Silk Association,
-do- Grain Merchants Assn.
-do- Coffee Estates,
-do- Cotton & Spinning Mills
-do- Oil Mills,
-do- Banking,
-do- Labour.

Such additional members as Government may deem desirable to nominate from time to time.

One of the Assistants to the Director of Industries and Commerce will be Secretary t the Board.

The term of membership of the nominated

23

members will be three years, the Board being reconstituted at the end of that period.

The Board is authorised to appoint Sub Committees for individual industries or subjects and to co-opt members. The Secretary to the Board shall be the ex-officio Secretary of all such Sub Committees and shall arrange for and facilitate their work.

In connection with the work of the Board, Government are pleased to sanction the post of a steno-typist on a pay not exceeding Rs.50 per mensem and also an allotment of Rs. 1,000 for contingencies. The staff will work as part of the Department of Industries and Commerce and the expenditure incurred during the current year will be met by a reappropriation of the sanctioned grants of that Department.

Board of Industries and Commerce.

Directs the revival of the ——

ORDER No. D. 1843-911—I. & C. 47-34-1, DATED BANGALORE, THE 10TH SEPTEMBER 1934.

The organisation of the Economic Conference and its three constituent Boards was ordered to be kept in suspense in the year 1931, as one of the several measures of retrenchment for stabilising the financial position of the State. The annual provision of about Rs. 1,00,000 in the budget was deleted from the year 1931-32 and the Economic Development work was entrusted to the Heads of Departments concerned and the Deputy Commissioners of Districts.

The Department of Industries and Commerce was expected to carry on the work of the Board of Industries, and such developments in industry as have recently taken place have been mostly initiated and carried out by that Department. At present there are signs of a reawakening of public interest in the development of industries. Having regard to the present economic conditions in the country, Government feel that the time has come to revive the Board of Industries and Commerce and direct that the Board be constituted as shown below. The Board will advise Government on all questions of industrial or commercial importance which may be referred to it or which may be taken up for consideration on its own initiative.

COMPOSITION OF THE BOARD.

Chairman.

The Member of Council in charge of Industries and Commerce.

Ex-officio Members.

The Vice-Chancellor, Mysore University.
The Director of Industries and Commerce.
The Chief Conservator of Forests.
The Agent, Mysore Railways.
The Chief Electrical Engineer.
The Director of Agriculture.
The Registrar of Co-operative Societies.
The Director of Geology.
The Secretary to Government, Development Department.
The Principal, College of Engineering.
The Industrial Chemist.
The Industrial Engnieer.

Nominated Members.

A representative from the Indian Institute of Science.
Do do Chamber of Commerce.
Do do Silk Association.
Do do Grain Merchants' Association
Do do Coffee Estates.
Do do Cotton and Spinning Mills.
Do do Oil Mills.
Do do Banking.
Do do Labour.

Such additional members as Government may deem desirable to nominate from time to time.

No. D. 1843-911—I, & C. 47-34-1, DATED 10TH SEPTEMBER 1934.

One of the Assistants to the Director of Industries and Commerce will be Secretary to the Board.

The term of membership of the nominated members will be three years, the Board being reconstituted at the end of that period.

The Board is authorised to appoint Sub-Committees for individual industries or subjects and to co-opt members. The Secretary to the Board shall be the *ex-officio* Secretary of all such Sub-Committees and shall arrange for and facilitate their work.

In connection with the work of the Board, Government are pleased to sanction the post of a Steno-typist on a pay not exceeding Rs. 50 per mensem and also an allotment of Rs. 1,000 for contingencies. The staff will work as part of the Department of Industries and Commerce and the expenditure incurred during the current year will be met by a reappropriation of the sanctioned grants of that Department.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

To—The Heads of Departments.
The Secretaries to Government.
The Deputy Commissioners of Districts.
The Presidents of District Boards.
The President, Kolar Gold Field Sanitary Board.
The Presidents of Bangalore and Mysore City Municipalities.
The Comptroller to Government, through the Financial Secretariat.

Exd.—C. K.
